Reaching Retirement Age

When you reach your KiwiSaver retirement age, you can request a withdrawal of all or part of your KiwiSaver savings. You can request your funds as a single lump sum or as a series of payments. Payments may be regular or as required. With SuperLife you can also have your funds transferred to the SuperLife Invest Scheme. Contact us to find out more about SuperLife Invest.

KiwiSaver retirement age

The information below lists Inland Revenue's criteria for withdrawals. You are eligible to withdraw your KiwiSaver funds when you reach the superannuation age, currently 65.

If you joined KiwiSaver before 1 July 2019 and were between 60 and 64 years old, you would have been locked in to KiwiSaver for five years. From 1 April 2020 you can now either: Opt out at anytime after you're 65 and withdraw your savings OR keep your funds in KiwiSaver for the full 5-year term and withdraw after that.

KiwiSaver after age 65

If you joined before 1 July 2019 and choose to withdraw before the end of your 5-year locked-in period, you will become ineligible for remaining Government Contributions.

If you joined on or after 1 July 2019, you become ineligible for future Government Contributions from your 65th birthday. A final claim, proportionate to the number of days you have been eligible in a given KiwiSaver year, will be submitted prior to your withdrawal being processed.

You can choose to continue contributing to your KiwiSaver, or not, after you attain age 65. Your employer (if any) is no longer required to contribute once you reach the retirement age. Some employers will continue to contribute. Check with your employer to find out the company's rules.

Stopping your KiwiSaver contributions

If you receive a salary or wage and want to stop making contributions, fill in a non-deduction notice (KS51) and give it to your employer.

Restarting your contributions

If you are still a KiwiSaver member you can start contributing again whenever you like. Complete a KiwiSaver deduction form (KS2) and give it to your employer. If you close your KiwiSaver account but wish to contribute again in the future you must sign up with your chosen provider otherwise you will be allocated to a KiwiSaver Default Provider by Inland Revenue.

Confirmation of New Zealand residency

When you first ask for a retirement benefit, you are required to give a statutory declaration for the period of your KiwiSaver membership, your principal place of residence was New Zealand. This is a legislative requirement. If you have gone on a holiday overseas, your principal place of residence is still New Zealand. Any Government contributions claimed for any period(s) that New Zealand was not your principal place of residence will be deducted from your account and returned to Inland Revenue.

Verification of identity and address

The Anti-Money Laundering and Counter Financing Terrorism Act 2009 requires us to verify your identity and residential address as part of the withdrawal process. Further information about this is in Section 6.

Confirmation of your Withdrawal

For security reasons we may need to contact you for verbal confirmation of your withdrawal. Please ensure you provide accurate contact details below.

Timing of payments

Once your retirement benefit has been processed, it can take up to three business days for funds to be available in your nominated account. Payments will not be made to a third party. You must be a named owner of the account and have authorisation to operate the account either individually or jointly.
